COUNT III

(Contributory Infringement of the '295, '253, 191 and '485 Patents)

32. Fujinon realleges the above paragraphs as if fully set forth herein.

33. Upon information and belief, LG has been contributing to infringement of the '295 patent, the '253 patent, the '191 patent and the '485 patent under 35 U.S.C. § 271(c) by selling within the United States components of infringing mobile phones knowing that those components (a) are especially made for use in infringing products, and (b) are not staple articles of commerce suitable for substantial non-infringing uses.

34. By its infringing conduct, LG has made unlawful gains and profits, and Fujinon, due to the same infringing conduct, has been deprived of rights and remunerations that would have otherwise come to Fujinon but for the infringement. LG has thus caused Fujinon irreparable damage and will continue to cause Fujinon additional damages.

Prayer for Relief

WHEREFORE, plaintiff Fujinon prays this Court for the following relief:

- a) A judgment that LG has infringed, induced others to infringe and/or contributorily infringed one or more claims of the '295, '253, '191 and '485 patents;
- b) A judgment that LG's infringement of the '295, '253, '191 and '485 patents has been, and continues to be, willful and deliberate;
- c) Preliminary and permanent injunctive relief prohibiting LG, its

1 subsidiaries, affiliates, officers, agents, servants, employees, licensees, and all other
2 persons acting or attempting to act in active concert or participation with them or
3 acting on their behalf, from infringement, inducement of infringement or
4 contributory infringement of the '295, '253, '191 and '485 patents;
5

6 d) A judgment that LG be ordered to account for and pay all damages
7 caused by reason of LG's infringement pursuant to 35 U.S.C. § 284, including
8 enhanced damages under 35 U.S.C. § 284 in an amount to be determined by the
9 Court;

10 e) A judgment that LG be ordered to pay Fujinon's costs, expenses and
11 reasonable attorneys' fees pursuant to 35 U.S.C. §§ 284 and 285;
12

13 f) An award of pre-judgment and post-judgment interest on the damages
14 caused to Fujinon by LG's infringement; and

15 g) Such other and further relief as the Court may deem just and proper
16 under the circumstances.

14
15 17. Fujinon has been and is the rightful owner of the '295 patent, the '253
16 patent, the '191 patent, and the '485 patent.

17 18. The '295 patent, the '253 patent, the '191 patent, and the '485 patent

COUNT I

(Direct Infringement of the '295, '253, '191 and '485 Patents)

24. Fujinon realleges the above paragraphs as if fully set forth herein.

25. LG has been and is infringing the '295 patent, the '253 patent, the '191 patent, and the '485 patent under 35 U.S.C. § 271(a) by making, using, importing, offering for sale, or selling, without license or authority in this district and elsewhere in the United States, infringing mobile phone products, including but not limited to those identified above.

26. LG has had for some time actual knowledge of the '295, '253, '191 and '485 patents and has willfully, deliberately and intentionally infringed the claims of these patents.

27. Unless a preliminary and permanent injunction are issued enjoining LG and its agents, servants, subsidiaries, affiliates, employees, attorneys,

1 representatives, and all others acting on their behalf from infringing the '295, '253,

16 contributing and concurring cause of the aforesaid infringement, because, without
17 limitation, LG imported and/or induced the importation of the infringing products.

18 31. By its infringing conduct, LG has made unlawful gains and profits, and
19 Fujinon, due to the same infringing conduct, has been deprived of rights and
20 remunerations that would have otherwise come to Fujinon but for the infringement.

22 additional damages.
